

Field Safe Solutions offers all Canadian businesses COVID-19 support

Field Safe Solutions... By the Field, For the Field

During these unprecedented times, Field Safe recognizes our unique opportunity to assist all Canadian businesses to manage employee safety in real-time; based on the changing landscapes and needs of the business as we work to establish a dramatically different work structure and environments.

Effective immediately, Field Safe will offer our Lone Worker platform and COVID-19 checklist to all Canadian businesses at no charge for a period of 90 days*.

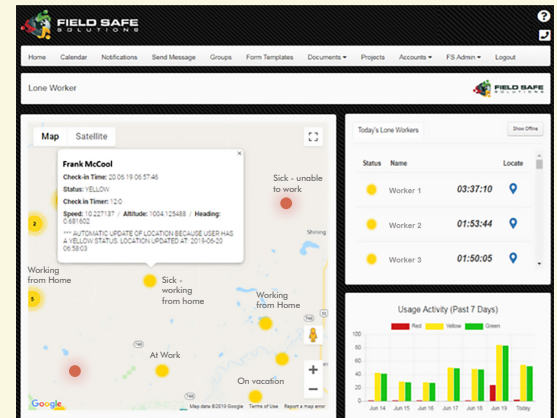

Our solution provides your workforce the ability to log-in and register on the Field Safe platform, using a mobile device, providing instant connection and communication between the field and office and peace of mind that team members are safe and accounted for.

Our clients use the Field Safe solution to better understand and monitor the health status, working location and capability to work in real-time. Field Safe helps you maintain an effective workforce through:

- Real-time visualization of each worker's location through real-time, GIS-based dashboards;
- Understanding the status of employees for workforce planning and meeting ongoing business commitments through simple forms and questionnaires;
- Assessing compliance with COVID-19 best practices within your workforce to promote health and safety, and;
- Real-time tracking to monitor compliance of self-isolation and quarantine where appropriate.

Please contact Greg Clarke (gclarke@fieldsafesolutions.com) for further information and inquiries on getting started.

* Extensions to be reviewed as COVID-19 circumstances evolve.

Field Safe Solutions: Lone Worker Monitoring Dashboard

Lone Worker Monitoring Support

"2020 has been and will continue to be a year of great change. The COVID-19 virus is impacting everything we do. Now more than ever, the health and safety of our clients is our highest priority, as it is for us at Field Safe and its team members."

Cam Barrett, CEO of
Field Safe Solutions
